European Trainer Forum 2018**

**Topic of Discussion:** Level Two Pathways

**Write down ideas that your group comes up with during the discussion:**

Trainer has to be experienced in teaching training

How do you measure/evaluate greater self-awareness than the minimum level of Level One trainer is required?

Adult learning theory & multi-sensory learning

Sounds very society related

**Are there any questions that need clarification about your topic?**

Are we talking about LT, Professional or both?

**Please Summarize the highlights, key points and any specific recommendations from your group discussion:**

Qualifying module by module but first time observing & teaching bits and pieces

Second time teaching 50% (what's the harm of being a student)

Authenticity is important (enough with keeping up appearances, share with peers, etc)
