- Trainer Forum Requirement: Staying connected to our group consciousness is essential. Hence the requirement of attending at least 1 trainer forum every two years. There are now 9 global Forums a year. We are experimenting with having parts of the Summer Solstice forum streaming online. We are taking this requirement seriously and asking all members of the academy to participate. As always, special circumstances can be discussed with [Hari Charn Kaur](#) or [Amrit Singh](#).
- You can now add your student lists and request certificates online in the trainer portal! Login to your trainer portal, click on the correct program to see more options. In the Student List area you will be able to enter all student information and then request certificates. Contact Harbhajan Kaur contractmanager@kriteachings.org if you have any questions
