

2021

Welcome

TRAINERS FROM AROUND THE WORLD!

Building Bridges to Enhance Our Service is the focus for the July Global Summit. As a community of trainers we continue to mature, to ask fundamental questions, to open our compassion to one another and to recognize that the other person truly is me. At this summit collectively we will deeply go into reflecting on what is needed now to continue to serve the world, our students and ourselves.

Building Bridges: The Importance of our Connections

BUILDING BRIDGES OF COMPASSION: EXPLORATION ON POWER, HIERARCHY AND RIGHT RELATIONSHIP

This session is facilitated by Cara Walsh and Aaron Lyons of Just Outcomes as a part of the Compassionate Reconciliation Project. This is an opportunity to sit in open, honest and compassionate dialogue about the past, present and future of the KRI Community. The goal is to create an authentic and respectful container for all voices, perspectives and needs to be felt and shared.

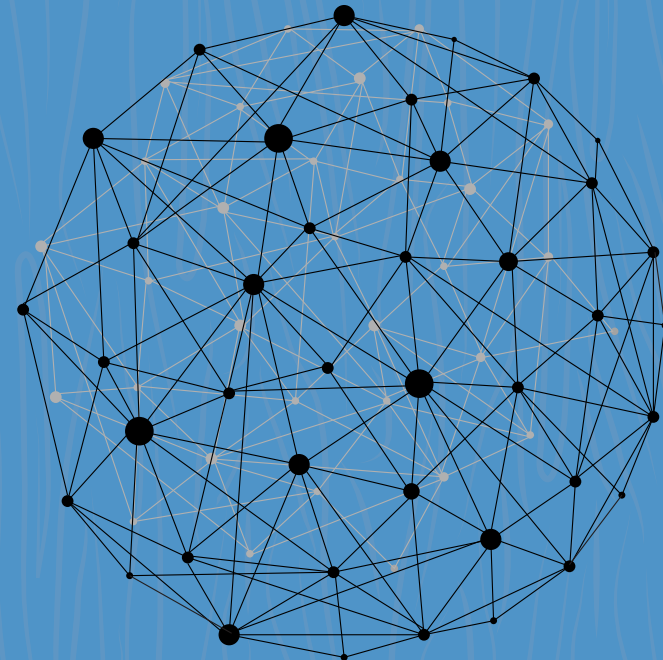

BUILDING BRIDGES OF WISDOM: WORKSHOPS, PANELS, AND GROUP DISCUSSIONS FOR PROFESSIONAL DEVELOPMENT

This section of the Summit is designed for all members of the Academy, to enhance their skills and discover new tools. A team of presenters have prepared valuable workshops, some will be offered in Spanish and Chinese, that dive deeply into particular subjects that give new perspectives on how to train in Level 1 and Level 2, based on research, neuroscience and different trainer's experiences.

BUILDING BRIDGES OF UNDERSTANDING: FUNDAMENTAL CONVERSATIONS TO IMAGINE NEXT STEPS

The Aquarian Trainer Academy is evolving and maturing. Through our curiosity, imagination, intelligence, intuition and vision we are collectively and continuously drawing the map into our future. The topics that are presented are coming from Regional Meetings, Past Summits and registration. This on-going process needs every voice to be present and to be heard.
